Inspiring Youth. Strengthening Families.

*Serving Our Community with...*  
**Patience.**  
**Compassion.**  
**Understanding.**

**HOI** House of Inspiration

# HOI Philosophy | Vision

Our community-based organization has a simple philosophy: we believe that youth who live in enriching environments and who are raised by a strong community of caregivers are most likely to reach their fullest potential.

Our vision is to enhance the quality of life for youth by assisting them in developing positive emotional health, by promoting unity, and by strengthening family relationships. HOI's program model is **Family Focused** and **Solution Focused** to promote child and family stability.

*"Patience. Compassion. Understanding."*

- Keith Thompson | HOI Executive Director

- Psychological Testing
- Psychiatric Services
- Nursing Services
- Intensive Family Intervention (IFI)
- 24-hour Residential Care (DFCS only)
- CCFA | Wrap Around
- Community Alternatives for Youth (CBAY)
- After School Program
- Summer Therapeutic Program

## HOI Intensive Programs |

HOI also offers two community therapeutic programs—Intensive Family Intervention (IFI) and Community — Based Alternatives for Youth (CBAY) and a residential program. Both the IFI and CBAY programs provide home-based crisis intervention plans used to prevent out-of-home placement for children and youth in families experiencing crisis.

Our residential program serves DFCS youth age 10 -17 with mild to moderate behavioral issues. The residence is designed to create a comfortable, homelike setting with supportive staff and counselors for youth experiencing out-of-home placement.

Our programs utilize support systems and counseling services that actively involve youth and families in creating their own success.
